

Clayton Hotel/Aldgate, London

Mechanical Contractor: FLR Mechanical

DEMAND

Total Rooms: 212 Business Suites. Bar, Restaurant, Gym & Swimming Pool

A busy central London hotel near the financial district.

Urgent replacement cylinders was required after the failure of existing units. The hotel was experiencing hot water issues and replacement cylinders needed to be replaced quick.

SOLUTION

3x ProStor SC 800.

Three ProStor 800 Indirect DHW Cylinders providing 10,422 litres first hour.

The contractor and client were impressed by the rapid recovery of the vessels due to the large surface area of the internal coils.
